

INNOVATION. **PRECISION.** EXCELLENCE.

Specifications

Drain Bottle Capacity

2000 ml

Purge Options

Cups or pan, depending upon desired layout

Wetted Components

Teflon, stainless steel

PVA-AUTO-SOLVENT

Solvent Purge and Auto Refill

This electronically controlled refill process allows for solvent purge with an automatic refill. This feature includes an overflow sensor located in each purge cup or pan to help prevent clogging/overflow as well as a capacitive sensor for material high level detection for the graduated glass drain bottle.

The PVA-AUTO-SOLVENT option has many additional integrated features including:

- Solvent fume outlet for glass drain bottle
- Lower deckpan mounting for drain reservoir for easy install and removal
- Front conveyor mounting for use with various head configurations

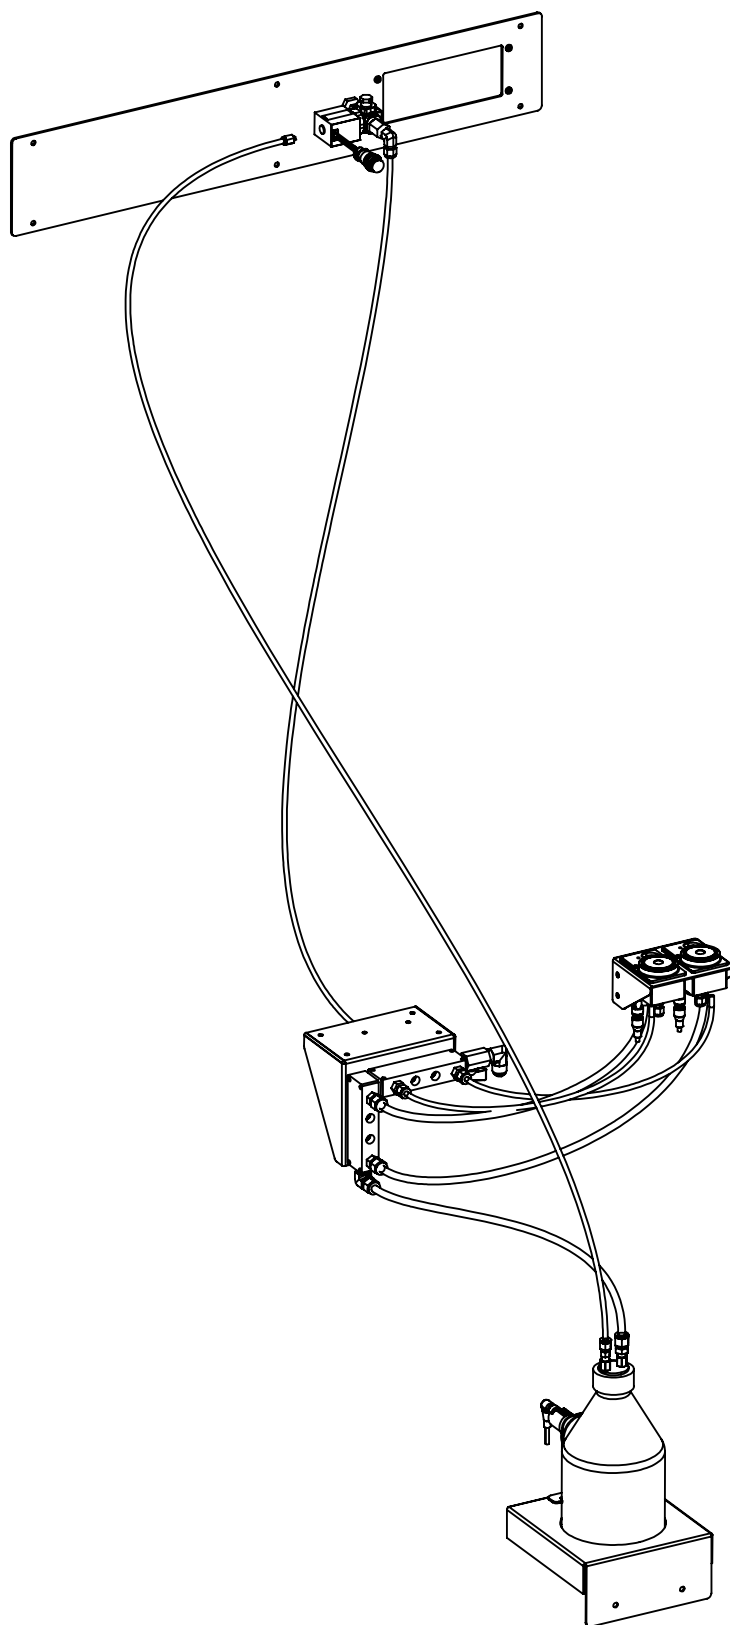

For more information, please contact PVA at info@pva.net or contact your local representative.
